\$100 Over Minimum McCarty's Formula Told on Pay Hikes

In some instances, teachers at Hancock County school will not be earning \$100 more than during the last year but rather \$100 over the minimum they were paid last year under the McCarty formula and years of experience.

Superintendent K. G. McDonald explained that was his interpretation of the "100 increase" formula. He said that the board of education had agreed to the board of education on July 14 after some reported by the board's vice president, Mrs. C. C. McDonald.

at the first August session Monday. Mrs. McDonald told McCarty she thought he told the board he raised everyone \$100 and she had learned of at least one person getting only \$30 more, whereupon the superintendent explained his position.

The name of recently resigned North Central basketball coach and math teacher James Johnson was injected into the discussion and McCarty observed that one of Johnson's dissatisfactions was that Oren Seals, science instructor and girls' basketball coach, was getting more money.

At that stage, Beat 2 member Alton Keller asked that the minutes of the July 14 meeting show his motion for raising Johnson to \$4,400, rather than the \$4,100 which he was offered, died for want of a second. Mrs. McDonald declared she never would have voted for the superintendent's recommendations if she had thought of its effect. "Unfortunately," she recalled, "Mr. Murphy (board president Charles P. Murphy) was not here and since I was presiding I could not second Mr. Keller's motion."

At the earlier session, Mrs. McDonald had voiced qualms in voting for the salary plan, although her vote enabled its adoption. Keller had abstained from voting. "I did not run Johnson out of the county," McCarty countered. "Everyone is trying to say that I did." He said he had seen Johnson only four times since being in office and had nothing against him personally, recalling he had helped pay for a celebration dinner after Johnson coached the North Central cagers to the state championship.

"I don't think he would have

stayed anyhow, but I wish we'd offered him more money," remarked Beat 3 member Lugs Necaise.

Mrs. McDonald persisted in her inquiry about McCarty's explanation of the \$100 increase, citing the instance of Roy J. Howard of the Logtown faculty who got \$3,290 last year and \$3,320 for the coming session. Beat 4 member S. P. Powell replied that the superintendent had explained what was paid under the minimum last year and raises had been made according to certification requirement. McCarty added that he did not feel Howard merited more "than some of our native-born teachers."

"No human being is indispensable," McCarty continued, apparently referring to Johnson and former North Central Superintendent R. E. Webb. The board (Cont. on Page 5.)

Prisoner Release Worry Told

At its luncheon meeting Tuesday the Rotary Club voted to notify Gov. Ross Barnett of its concern at last week's temporary release from Parchman penitentiary of Dale Morris and Leonard Fredericks, Negro. Both prisoners had been convicted in Hancock County Circuit Court of killing.

Morris was convicted Sept. 19, 1957, for the 1955 slaying of Charles Fink, Bay St. Louis businessman, and was sentenced to 12 years. Fredericks was convicted March 21, 1958, for the 1957 slaying of Roy Thomas Linder, Kilm cafe operator, and was sentenced to life imprisonment.

On a happier theme, Rotary sent a telegram wishing Miss Bay St. Louis, Carol Johnson, success in the competition now underway at Vicksburg for the title Miss Mississippi. Miss Johnson is the only entrant from the Gulf Coast, according to Mayor John Scalfide.

Road Bond Vote Set Aug. 27 for Beat 5

END OF THE DROUGHT - After complaining about the three-month drought for some time Tom Bressler, local cafe proprietor, had reason to complain when Tuesday's deluge covered his floor with several inches of water. Also shown wading are George Martin of New Orleans, Michael and Gergette Summers, 7 and 11, of Bay St. Louis.

Voters will go to the polls Aug. 27 for a special election to decide whether they want to spend \$175,000 for hardening of more than 15 miles of streets and roads in Beat 5 including two and a half miles and construction of two concrete bridges on Washington Street.

The board of supervisors voted unanimously to hold the election at its regular August meeting Monday. Motion was by Charles A. Russ seconded by Charles Lavinghouse. The project was submitted by President R. G. Hubbard Jr., Beat 5. Voting will be at all regular polls in Beat 5.

Total assessment in Beat 5 was estimated at \$7 million by Tax Assessor George E. Hettramm and Sheriff and Tax Collector Gerald V. Price Jr., which includes estimates of vehicles, public utilities and real property.

Board Attorney Sam L. Favre Jr. said the issue could probably be handled with a mill and a half tax on a 25-year basis or two mills on a 20-year term. Hubbard said if the issue carried he hoped to get some of the work completed this year. It is not feasible to blacktop in winter, he added.

A further check yesterday revealed that the total assessment was approximately \$7.6 million and the issue could be handled with a 1 3/4 mill increase on a 20-year basis.

Schedule Open House At North Bay School

The new \$165,000 North Bay Elementary School, which will house all pupils in the upper elementary grades of the Bay St. Louis Municipal Separate School District this fall, will be opened for public viewing Sunday, Aug. 13.

Superintendent J. D. McCullough is issuing a general invitation to all citizens to inspect the facilities between 2 and 6 p.m. that day.

North Bay is the major portion of the three-school project completed this summer by the

school district. Also included in the almost quarter million dollar program were a four-classroom addition at Valena C. Jones School for Negroes and a lunchroom at the Waveland extension center. Those two projects also will have open house next Sunday.

An enrollment of approximately 500 in grades four through eight is expected for the 1960-61 session at North Bay School on Dunbar Avenue, McCullough said. Assigned there will be pupils in grades four through eight living in the Bay St. Louis city limits and those from the outside territory in the school district from grades five through eight.

Bay St. Louis children in grades one through three will continue attending Bay Central School in the S. J. Ingram building while those outside the corporate limits but within the territory of the district in grades one through four will continue their studies at Waveland center.

E. G. Harrell, elementary principal for the system, will move his offices to North Bay. Sixteen teachers are being assigned to the new building which includes administrative offices, a library, cafeteria with a stage, teachers' lounge, sick room and other facilities.

Furnishings for the new plant began arriving this week and McCullough expects to have most items in readiness for the open house with which teachers and the Parent-Teacher Association will assist.

Registration for the new school year at North Bay and other schools in the municipal separate system is set for Friday, Aug. 26, at 9 a.m. with classes to begin the following Monday.

And Then It Rained

With August only four days old, 2.88 inches of rain have fallen on the city, making this month's rainfall to date almost half the total amount for the entire month of July.

July had rain on 14 of its 31 days for a total of 5.78 inches, a comparative deluge to the near drought from mid-May to mid-June, and the piddlings of rain for the balance of June.

The first big downpour of July was on the 3rd, as most Fourth of July picnickers will remember, with 1.62 inches for the single day. Rains of more than one inch fell again on July 15, with rainfall on various other days ranging from .02 to .4 inches.

Aug. 2-3 have been the wettest days this month, their combined rainfall totaling 2.5 inches, with gray skies indicating lots more rain to come.

Figures were obtained from the weather bureau on the campus of St. Stanislaus College.

Sunday Wreck Injures Nine At 90 and 43

Nine persons were injured in a three-car smashup at 6 p.m. Sunday at U. S. 90 and Rt. 43.

A 1960 Ford station wagon, driven by Ed Carrere of Waveland, was struck from behind by a 1950 model Buick operated by Vernon Sanderson of Piquette, as it waited at the intersection. The impact knocked the Carrere car into the path of a 1959 Chevrolet sedan driven by Anthony Legendre of New Orleans, which was traveling west on U.S. 90. Injured were Mr. and Mrs. Ed Carrere, daughter Susan and a young friend, Michele Miller, all occupants of the Carrere car. Mr. and Mrs. Legendre and passengers in their car, Mr. and Mrs. Sabin Daigle also of New Orleans, and Sanderson. Of the nine, only Mr. and Mrs. Carrere and A. Legendre remain hospitalized, Carrere with lacerations and fractures of the left shoulder and right ankle; Mrs. Carrere with bruises of the right arm and chest; Legendre with rib fractures.

A&G Theater Closed Monday

After 33 years of uninterrupted operation the lights of the A and G Theater on N. Beach Boulevard were extinguished and doors closed for the last time Monday night, Manager George Wedemeyer said. The theater could no longer operate at a loss, he said.

Mrs. Geraldine Ames of N. Beach Boulevard, one of the original owners, said the A and G was built by the Ames and Gaspard families in 1927 and was sold in 1946 to the Bay Theater Co., of which E. V. Richards, was head.

After Richards' death the company was reorganized by his son and is now known as Richards theater Co., New Orleans. It also owns the Avalon Theater in Pass Christian which closed a few months ago.

Wedemeyer said he knew of no plans for reopening the A and G.

Supervisors Move On Beach Clearing

A motion to advertise for bids for removal of all stumps and pilings along the waterfront from Bayou Caddy to Jordan River carried unanimously at the Board of Supervisors' regular August meeting Monday.

The motion was made by Charles A. Russ and seconded by Charles Lavinghouse after Waveland Mayor Garfield Lader and a group of clean-up committee members appeared before the board. The delegation included Dr. John P. Dicks, chairman, Leonard Lader and Ray Gordon.

All piling not connected to wharves or piers, including broken piling that may be submerged, will be removed through blasting or jet operation. It was brought out that the unsightly stumps are also dangerous because of the number of water skiers. Regarding the skiers,

Sheriff Gerald V. Price Jr. said he expected to have a patrol boat in operation this month.

Board Attorney Sam L. Favre Jr. was requested to prepare a release form so committee members could obtain releases from beach-front property owners.

Plans for the clean-up project were made at a meeting in Waveland Town Hall March 7 when the committee was selected and a number of meetings of interested parties have been held since.

Dr. Dicks told the board that he and other members of the committee had been deluged with letters and inquiries as to when the work would begin and suggested that, if the county did not have enough money set aside for the project, the property owners could help defray the cost. It was brought out that \$3,000 was allotted for the project.

In other matters a bid of Stevens Radio and Electric Service on two additional air conditioners, \$757, was accepted, being the only bid received. They will be installed in the tax assessor and chancery clerk's (Cont. on Page 5.)

Waveland Views PSC Case; Approves Light

Waveland Town Council at its regular meeting Tuesday night authorized the mayor and town attorney to petition the Mississippi Public Service Commission for permission to appear as a friend of the court in two cases now pending before the commission.

The Mayor and Board of Aldermen also authorized Town Marshal Fred Bourgeois to purchase a blinker type caution light for the intersection of Coleman Avenue and Bourgeois Street increased the monthly salaries of Mrs. Paul Henley and Mrs. Bradley Mazarakis of the gas and water system by \$25 and \$15 respectively; and approved the minutes of the preceding meeting and the financial reports on the town and the gas and water system.

The two suits before the PSC involve two cooperative power companies, Mississippi Power

and Light Co., and the municipalities of Clinton and Winona. One aspect of these cases involves the authority of municipalities to grant franchises to (Cont. on Page 4.)

Scalfide Reports On MMA Stand

Bay St. Louis Mayor John A. Scalfide reported today that the executive committee of the Mississippi Municipal Association in Jackson yesterday resolved to oppose before the Public Service Commission any decision which would diminish a municipality's control over the granting of franchises to public utilities.

Scalfide, who attended the meeting as a member of the executive committee, said the resolution replaces one adopted by the MMA in June in Biloxi. The (Cont. on Page 5.)

Hospital Fund Raising Eyed By Auxiliary

A number of fund-raising projects were discussed at the monthly meeting of the Hancock County Hospital Auxiliary at the home of Mrs. A. F. Smith, president.

Mrs. Theo. T. Smith volunteered as chairman of the project to have a television rental service set up at the hospital. The project of the sale of picture postcards of the hospital was taken on by Mrs. Marion O'Connell.

It was reported that 300 different ways for surgical instruments were being made by the auxiliary, under the chairmanship of Mrs. W. L. O'Connell. Members were also urged to seek funds toward the purchase of a Struvin Frigidaire, an exclusive type of hospital bed, which the hospital hopes to purchase through the auxiliary.

Opening and closing prayers were led by Mesdames R. A. Steinmayer and A. Mercier respectively.

Mrs. C. D. Blair and Mrs. G. Haas were welcomed as new members.

The co-hostesses, Mesdames G. F. Stevenson and Belle Penrose, assisted Mrs. Smith in serving refreshments later.

Mrs. Green to State Convention

Directors of the Hancock County Chamber of Commerce meeting Monday night authorized the attendance of Mrs. Mabel Green, secretary-manager, to attend the Mississippi Association of Chamber of Commerce executives convention Aug. 25-27 in Jackson.

It was also announced that the Chamber's membership had risen to 190, just 10 short of the goal.

A plan was proposed to open bids on a new brochure for the Chamber, presenting only the best in the county and the city of Bay St. Louis. It was suggested that the local newspapers, and various individuals in the city be asked to submit a brochure with a bid and that the Chamber vote on it. The plan was held for further discussion.

utilities, and it is in this legal question that the Town of Waveland is interested.

A. O'Con, manager of Gulf Paving Co., again appeared before the board in connection with his firm's offer to pay any reasonable sum for a qualified road engineer to inspect the paving it had done in 1958, part payment for which has been withheld on the complaint of residents that it was not up to specification.

The only engineer's proposal council had received was from J. Norton Haas Jr., and O'Con insisted it was exorbitant. Council agreed to look further into the matter.

A minor defect in the deed of Gulf Garden's water system from Modern Homes, Inc., to the town was found and final action on the purchase was put off until tonight's meeting.

PUBLIC NOTICE
There come under consideration the matter of manufacturing dumping of garbage, debris and other trash on certain public roads in the county, and the Board having considered the matter, does hereby find and determine that such practice is unlawful, creates a nuisance and is contrary to the interests and should be stopped.

The Board further finds that it has never given permission to anyone to use the public roads of the county for a dumping ground and that the prohibition and penalties of Section 2214.5 of Mississippi Code 1942 should be invoked and enforced.

Whereupon Supervisor Frierson moved that all law enforcement officers of the County be requested to henceforth enforce the provisions of Section 2214.5 of the Mississippi Code of 1942, and

Further that the Clerk of this Board be authorized and directed to set forth the penalties prescribed by law for the violation of said Section, in the following words and figures, to-wit:

Beach Clearing

No bids were received for a motor grader that had been advertised for use in Beat 4. Another advertisement was approved on a 115 horse power heavy duty grader for sea wall use.

Powell said Leetown should bring at least \$2,000 and Necaise accordingly moved to reject the bid. Powell then moved to readvertise the two places, directing that notices appear in the Piquette Item, Gulfport Daily Herald, and Sea Coast Echo. McCartney added the Hancock County Eagle to the list and Powell replied that one local paper was enough. The previous bid was designated to appear in the same three papers but ran in the Herald, New Orleans Times-Picayune and Eagle, which prompted Powell to observe it might not be binding.

While publication of the previous Leetown and Sellers legal notices were being checked, McCartney took occasion to blast the Echo's editorial comment on July 28 on Jack Johnson's decision to leave North Central. "This paper is accusing me of playing politics and that's all it's been doing since last August," he complained. He read the first paragraph of the editorial, asserted that Johnson had left without the courtesy of a word to the board and referring again to the newspaper, said, "This stuff is going to stop if I stay in here." Mrs. McDonald, presiding in the absence of President Murphy, suggested that time was wasting.

When it developed that Wesley Lecher, low and ineffectual bidder on R. 19 to North Central, would be unable to fulfill his contract, Powell moved that a county-owned bus be designated for that route. Steps also were taken to get state approval for purchase of a 1951 or 52 model bus previously operated by Mrs. Ramsey Cameron under contract.

At Powell's suggestion, the board agreed to meet with trustees of the North Central residence center at 7 p.m. Aug. 12 to go over the custodian's duties, in an effort to relieve some of the load now carried by Powell and Necaise, members from the two beats served by the consolidated school.

Miss Miller, Mr. Tarzetti Say Nuptial Vows Sunday

An event of Sunday afternoon was the marriage of Miss Shirley Ann Miller, daughter of Mr. and Mrs. Arthur M. Miller, to Gene Anthony Tarzetti, of De-Hale. Mr. Tarzetti is the son of Mrs. August Tarzetti and the late Mr. Tarzetti.

The Rev. Michael Kelly officiated at the double-ring ceremony at Our Lady of the Gulf Church. Twin bouquets of white carnations were placed on the altar, and Prof. Joseph Hamersbach supplied a program of nuptial music.

Escorted by her father, the bride wore a gown of white silk organza and French lace. The bodice was fashioned with a squared neckline, and tiny sleeves. The front panel and cathedral train were of French lace. Her veil of illusion was held by a tiara of pearls and she carried a cascade bouquet of white orchids and lily of the valley. A pearl necklace, gift of the groom, was her only jewelry.

Miss Beverly Miller, sister of the bride, was maid of honor. Misses Helen Genin, Elaine Miller, Marsha Blaize and Jo Ann Tarzetti, sister of the groom, were bridesmaids. They wore identical dresses of silk organza, with full skirts, scooped necklines and cummerbunds of matching material. In a rainbow of pastel colors, lavender, yellow, blue, green and pink, with bouquets of matching carnations. Each wore a circlet of matching leaves and short veils on their heads. Flower girls were Lynn and Shelly Tarzetti, nieces of the groom.

Mr. Tarzetti's best man was his brother, Ken Tarzetti of New Orleans. David Peranch of De-Hale, Robert Purchner and James Simpson of Pass Christian were groomsmen with John Kalbacher and J. V. Morreale as ushers.

The Miramar Hotel at Pass Christian was the scene of a reception following the ceremony. White floral arrangements were used and bouquets of the vari-colored carnations carried by the bridesmaids were placed around the traditional wedding cake.

Mesdames Tarzetti and Miller who assisted the couple and the bridal party in receiving, both wore dresses of pale blue lace. Mrs. Tarzetti's was sheath trimmed with chiffon. She wore a blue flowered hat, and white accessories. Mrs. Miller's dress was full and sleeveless and she wore a white hat and white accessories.

For traveling, the bride chose a white lace cocktail dress with a matching bandeau hat and white accessories. She also wore a corsage of white orchids presented to her by the groom.

The couple was entertained Sunday night by several of Mr. Tarzetti's friends at a dinner party near Mobile, Ala. From there the couple went to Pensacola and other spots along the Florida Gulf Coast where they planned to spend several days.

On their return, they will live in New Orleans.

Out of town guests included Mr. and Mrs. Ray Hermon and daughter of Westwego, Mr. and Mrs. Kenny Williams, Mobile; Mr. and Mrs. J. Taft and family, Mr. Burros and family, all of New Orleans; Misses Diane and Julia Pavale, Violet, La.; Mr. and Mrs. J. R. Kennedy, Baton Rouge; Mr. and Mrs. Nick Nichols, Biloxi; Mr. and Mrs. M. J., all of New Orleans.

What do you mean, "armamentarium?"

A Sometimes physicians forget and talk their own language. Greek to most people. Now, about the mouthful above, ever hear something like this from your doctor? "Drawing on our present armamentarium to treat you..." Actually, "armamentarium" is just a doctor's word for the array of treatments and medications at his disposal. When it comes to drugs, this armamentarium is something. Thousands and thousands, literally. All are readily available in this pharmacy to help preserve your health when needed—a public service which we are pleased to render.

NO BULL HERE - Louisiana Supreme Court Judge Rene Viesca, right, who has owned a summer home here since 1928, and Ray Kidd local restaurant proprietor, show 11 bull redfish caught in the River in a couple of hours Tuesday morning. Not shown are about 20 large drums caught by the reds quit hitting. The judge is known among local anglers as the undisputed Jordan River fishing champion.

Shoulda Gone Fishin' Bankston Dumps Don In Playoff Opening

BY EDDIE ENGELHORN

Considerable improvement in the fishing and fishing situation last week although the water remains hot. The fish was had by those seeking deep water and using live lures. Crabs are being humped, especially in the bridges. Fresh water fishing will go good although last week heavy rains and generally slow weather slowed things down.

Port River fishermen continue to report no evidence of water or dead fish but reports keep coming in of peacock bass above the Picayune dam and there seems to be a controversy among the anglers in Jackson over the matter. After receiving water specimens and pictures from investigators, Director Camp of the Mississippi Fish and Game Commission said he had referred the matter to Attorney General Joe Patterson. Patterson said a reporter for the week he had been out of town and had not been consulted in the matter.

Director Game Warden Supervisor H.C. (Fees) Hill of Picayune said Camp had written a letter to Howard Chapman, regional engineer with the federal government in Atlanta, asking for federal help. The matter was then Crown-Zellerbach's Gulf paper mill at Bogalusa was alleged to have dumped waste in the Bogalusa Creek July 14. The creek runs into Pearl River. Director Camp sent Joe Sills, fishing technician, to Picayune last week but no report of his findings has been announced as yet. Local Game Warden Rene Viesca says it is a recognized fact that a river will carry itself within a certain distance and believes that to be the reason he dead fish have been seen in this vicinity.

League Playoffs Due To Start Wednesday L. Ladner Signs at Picayune

Stieff's softballers finished their season last night with a win, beating KC 22-6 in a game featured by some fine fielding by shortstop Jim Ladner. The game had been postponed from July 1 because of the Miss Bay St. Louis pageant.

The other postponed game between Carter and Regal was rescheduled for tonight because of time but today's rain made play doubtful. One more rain-out game has to be played to close the regular season. Regal meeting KC.

Regardless of the outcome Trapani will go into the record book in top slot. Wednesday night the play-offs are scheduled to

begin between the top teams and pairings will be made at a meeting of the league Tuesday night.

It was a week of surprise upsets. Monday night the ladies from Youth Center took Trapani's measure 11-4 for the year's second defeat of the year, the first being at the hands of Carter July 8 by a score of 5-3.

In the other game last place KC managed to down second place Coast Electric 7-6. It was KC's second win of the season and Coast Electric's fifth loss.

Friday Coast Electric beat Stieffel 13-6 and Regal licked Kiln 20-14 in a roaring, wild swinging game. It was an important win for Regal, jumping them from sixth to fourth place and a probable spot in the play-offs.

Larry Ladner, star basketball player from the old Kiln School and more recently at Louisiana College, signed a contract Tuesday with the Picayune school system to serve as head basketball coach and assistant football coach for the coming year. In addition, he will handle three physical education classes.

Ladner, who had been mentioned as a possible successor to James Johnson at Hancock North Central, said Ridgewood High School in New Orleans, where he previously had signed a contract, agreed to release him to accept the Picayune offer. Besides coaching basketball at Ridgewood, he also was slated to teach junior high math and science classes although his major was in social studies.

Prospects are not too bright for fielding a winning quintet at Picayune, Ladner observed. The team won two games last year, one the previous year and five of its players were graduated in 1949.

He added that he was surprised at the widespread reports he would take over at North Central, noting that he had never been offered the job.

Coast Electric Leads 9-12 Class

Coast Electric forged ahead in the 9-12 age Little League last week taking two consecutive games while Youth Center held on to the lead in the 12-16 age group, their game with Al Summy being rained out Saturday.

Monday afternoon Ken's Little Diggers beat the Junior Sheriffs 3-1 behind the three-hit pitching of Richard Ellis who struck out 11 of 15 men to face him. Freddie Breland, Tommy Bryant and Sammy Carver each got a hit for the Diggers while Aggie Orr led the Sheriffs with a homer and a single.

Saturday Youth Center and Al Summy were rained out after three and a half innings. Youth Center was ahead 1-0 scoring on a triple by Robert Cullen and a double by Richie Schaeffer.

Miss Schaefer At Presbyterian Meet

Kathleen Schaefer, faith commission chairman of the Meridian Presbytery, attended the summer job training conference for presbytery officers, July 11-16, at the NaComa Presbyterian camp grounds, Pleasantville, Tenn.

While there Kathleen was elected to represent Meridian Presbytery of the council for the Synod of Mississippi.

Jaycee of Month

Dr. Robert McKinley has been cited as Jaycee of the month for July by the directors of the Bay St. Louis Jaycees in recognition of his work as chairman of the Miss Bay St. Louis pageant. Shoulda Gone.

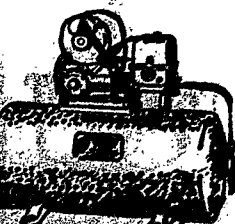

(Cont. from Page 9.) France's fishing camp at Ausley. Rounding out the party were Mrs. Edward Marquer, Mr. and Mrs. Montis Miller and Rita and Eddie Blaize.

Charles Hays of Chartres Drive was proudly displaying a five-pound gaff-top caught off the Highway Bridge at 5 a.m. Tuesday. Helping fill two ham-pers of crabs were Mrs. Hays and their daughter and son-in-law Mr. and Mrs. Robert Weclaw who is professor of law at Loyola University in Chicago. Mr. Weclaw says he has fished all over the country including the West Coast but would rather fish here than anywhere and has made up his mind to buy a home here after retirement. Take note, real estate operators.

Master Sergeant Wayne Boyer of Bay St. Louis and former state featherweight boxing champ had quite a reunion last night at Mar-que's lounge with some of his old buddies, including Charlie Beidgon, who was also a member of the boxing team from Bay High in 1937. Boyer is here on leave from Peace Air Force Base in New Hampshire. He said he was so hungry for seafood went to Oswald Villere's on his first night here, ate a dozen boiled crabs in record time and then ordered a plate of boiled shrimp. He is visiting friends with his wife and five sons, Mike, Scott, David, Gary and Dennis.

Wayne entertained his friends for a couple of hours with stories of his progress in the air force, says he was in a foreign country and got killed in a boxing bout with an 18-year old kid — just an amateur. Says the kid turned out to be a "bearded" Arab who outweighed him by at least 20 pounds and "had been used to cheating poets around the moun-tains all his life." "Took him two rounds but he finally caught me," Wayne said but the record shows the bout ended in a draw. He plans on retiring in about two months and hopes to be able to settle here.
